LOVE AND CARE FOR ANIMALS :

All animals deserve love and respect. We should be kind to them and should not tease them or harm them.

Our pets are a part of our family. We need to look after its food health and shelter and should take them to a vet when they fall sick.

Similarly we should take care of our domestic and wild animals and protect them.

Animals like rhinos, tigers etc are becoming very few on earth because man is hunting and killing animals for fun or for money.

If we do not stop harming animals, more animals will vanish soon.

Thus, let us promise to protect animals and treat them with love and kindness.
