Good morning Students

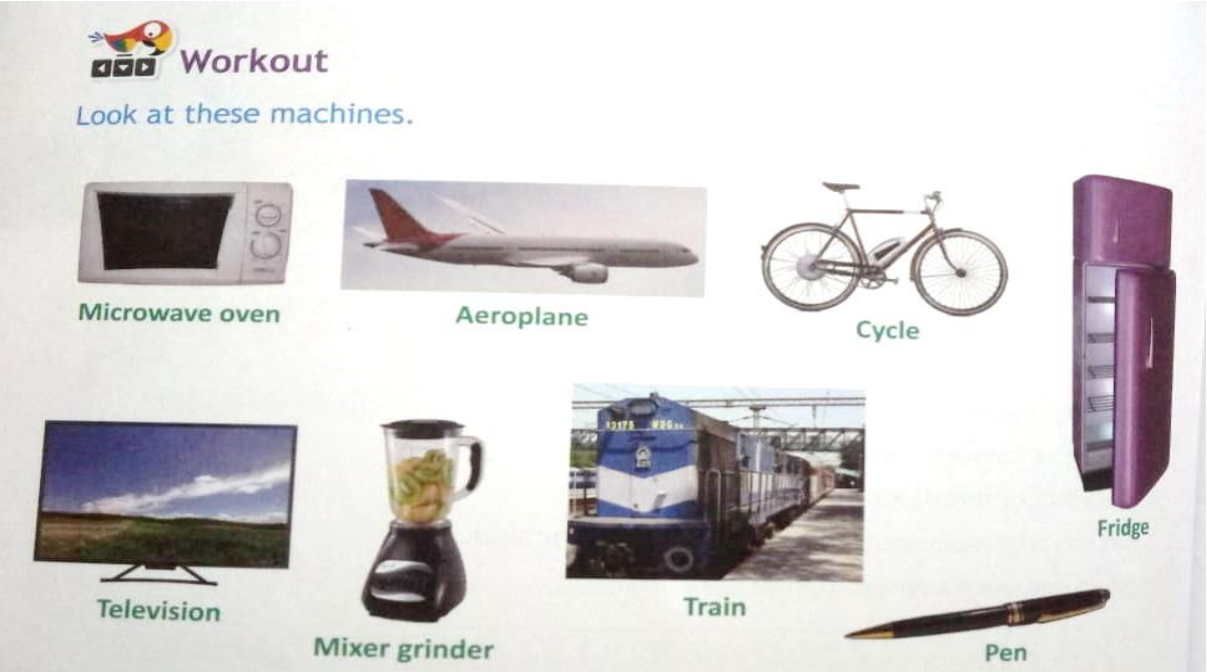
Hope all of you are fine. Today we are going to start a new chapter. The name of the chapter is Computer - A smart machine.

Now tell me what is machine?

A machine is something that makes work easier. Car, phones, ovens and refrigerators all are machines.

Now do the given exercise:

Circle the machine that you see inside your home.



Why do we use machines?

- Machines make our work easier.

- Machines work fast and save our time.
- Machines never get tired.

What do machines run on?

Some machines run on electricity.

FAN

IRON

WASHING MACHINE

Some machines run on fuel such as petrol or diesel.

BIKE

TAXI

CAR

Some machines are run by human power.

BICYCLE

EXERCISE

State whether the following are true or false:

1. Most machines can do only one kind of work. ☐
2. Machines get tired after some time. ☐
3. All machines work on electricity. ☐
4. All machines are big and have many parts. ☐
5. Machines can work on their own. ☐

Remember to fill up the Contents page of your notebook every day.

Thank you students. Be safe at home.
