Children, we have already learned about **different types of animals**, their **characteristics** and their **habitats**. We also have understood how interesting **the life cycle of a butterfly** is ! and hope, you all had enjoyed the video contents provided regarding the topic.

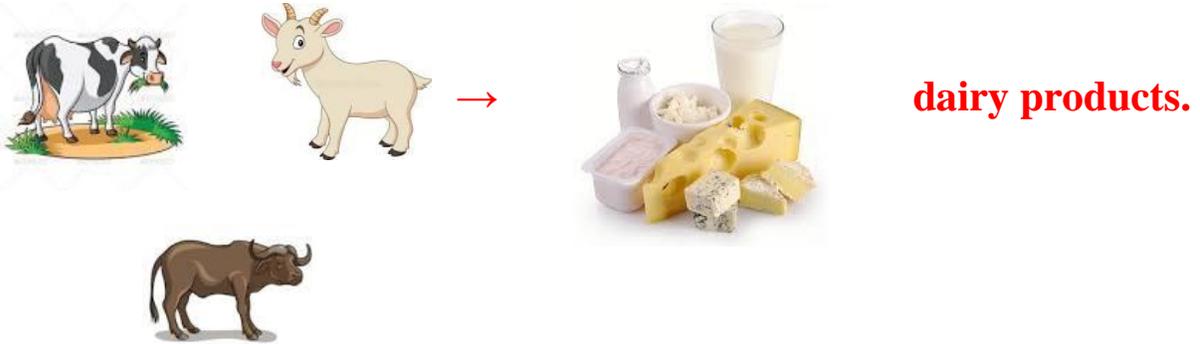

**Today** we will briefly know that how animals are useful to us in many ways:-

**USES OF ANIMALS:-**

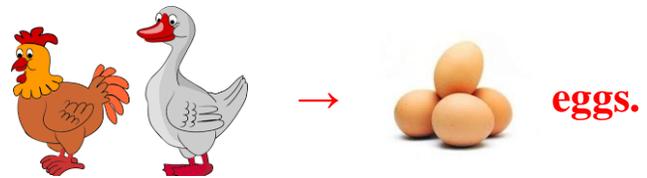

**The dog** guards our home. **The cat** scares mice away from our homes.

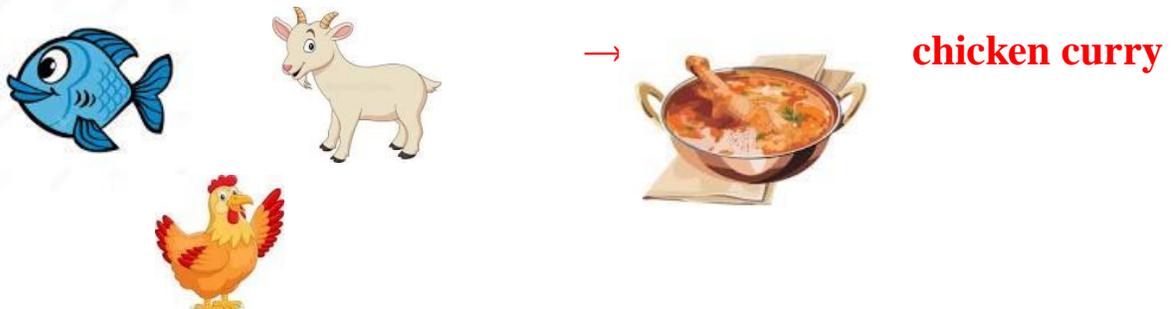

**Cows, buffaloes and goats** give us milk. We make **curd, butter and cheese** from milk. These are called **dairy products**.

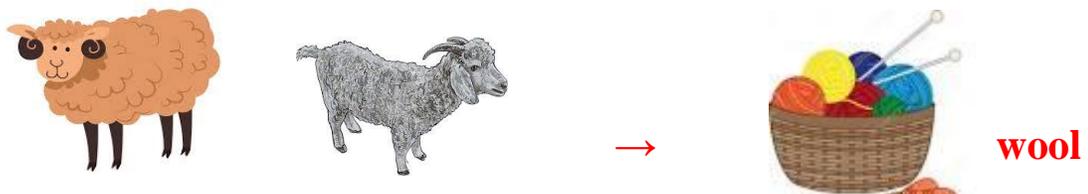

**Hens and ducks** give us eggs.

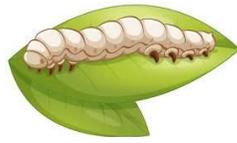

Some people cook and eat the **flesh or meat** of certain animals like **fish, goat and hen**.

In winter we wear woollen clothes, **Wool** is the hair that grows on the body of **sheep, goat** and many other animals.

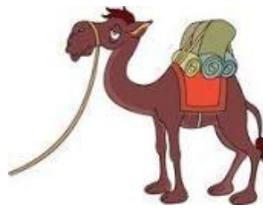

**Silk worms** give us silk.

**silk cloth.**

Some animals like **camel, horse, donkey, bullock, elephant** etc make our work easy. They carry **loads** and **people** from one place to another and are known as '**Beasts Of Burden**'. Camel is also called the **ship** of the desert.

**Beasts of burden.**

Leather is made from the skins of dead animals like **buffaloes, camels, snakes** and **crocodiles**. Our **shoes, bags** and **belts** are made of leather.

**leather products**

We get **honey** and **wax** from **beehives**, Wax is used for making **candles**.
