Naughty Kartik (Summary)

Kartik was a very naughty child. He loved to tease other children in the class and also while playing in the park. Kartik's parents always taught him to share his things with others but he never listened. His parents were very upset with his behaviour but didn't know what to do. One day his parents decided to take him to a nearby slum area. Kartik saw that children living there didn't have proper clothes or houses. They didn't have toys to play with. After seeing this Kartik became very sad. He promised not to tease anyone and to share his things with others. On his birthday, Kartik visited the nearby slum area and distributed lots of food and toys among the children over there. Soon Kartik became a loveable child.
