Good morning, little gems !

A very good morning to you all !

Hope you have completed the previous assignment in 'Handwriting and Spellings' !

Before you proceed with today's assignment, go through the instructions given below, thoroughly and carefully.

***Read the following passage aloud, maintaining proper pronunciation, expression and punctuation. Take the help of your parents, wherever necessary.**

He loved eating balls of boiled rice, prepared specially for him by Grandmother. I would throw him the rice balls, and he would catch them in his

beak, toss them into the air and let them drop into his open mouth. Later, Grandfather trained him to catch a tennis ball thrown from a distance of ten metres or so. Harold would have made a great fielder in a cricket match, especially in the slips.

Harold gave a great deal of time and thought to his personal appearance. Once full grown, he carried a make-up kit on his person. This kit was a small gland situated above the roots of his tail feathers which produced a rich yellow fluid. He would dip into this from time to time and then rub the colour over his feathers and the back of his neck.

Only once did Harold misbehave. That was when he removed a lighted cigar from the mouth of an American friend who was visiting us, and proceeded to swallow it. It was a painful experience for Harold, and an unnerving⁷ one for our visitor.

7 Frightening

Concluding sentence(Pg no.-8) :- '.....It was a painful experience for Harold, and an unnerving one for our visitor.'
